Important Note:

All invoices are required in a PDF format and only one PDF file per invoice per email. Multiple invoices on one PDF file cannot be accepted. We also require one email per invoice, we cannot accept one email with multiple PDF invoices.

Invoice requirements:

- All invoices must quote our purchase order number. Invoices that do not quote a valid purchase order number will be returned to the supplier for resubmission.
- Invoices must also include all information required under current HMRC legislation.
- All invoices must include valid bank details.

Days required to process invoices for payment:

We require 5 working days from receipt of a valid invoice to process for it to be included on the next available payment run.

Important Note:

We cannot pay any invoice until the purchase order for the goods/services has been receipted.

Frequency of payment runs & payment method:

Payment runs take place every week on a Wednesday. Funds will clear into the supplier bank account by end of day on Friday of that week. All payments are made by electronic bank transfer.

Payment terms:

Our standard payment terms are 60 days from the date of the invoice.

Important Note:

Non standard terms must be signed off by a Finance Director or Financial Controller.

Disputed invoices process:

Disputed invoices are referred to the buyer who placed the order within 3 working days. The supplier will also be notified within 3 working days that the invoice is under dispute. Disputed invoices will not be paid until resolved.
